

Dear Parent,

Date: 15.02.2020

Kindly follow the given timings for the students who are participating in the cultural programmes.

Afternoon: Parents are requested to handover the child to the incharge concerned by 4:00p.m in the school premises. After completing your child's programme, the in charge teacher will hand over your child at the left side(towards gate) of the stage.

Instruction for every parent:

- Kindly note that the parking Lot is not available at the school premises and the lane to school is very narrow, we need your complete support and co-operation.
- Inorder to avoid traffic we organized one way system i.e., You need to enter the school road from Bandhar Road only and exit from Pantakaluva Road only.
- No vehicle is allowed to be parked in front of the school.
- Please find your own convenient parking place.
- Please avoid the valuable jewellery ornaments and the costly gadgets for the programme.
- We cordially invite all our parents once again to come and encourage our little Chaitanyan's along with your family members, friends and neighbours.

THANKING YOU.

ANNUAL REPORT

"We want the education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one's own feet" – Swami Vivekananda

Good Evening to One and All,

Esteemed Guests of the day, Parents, Teaching & Non-Teaching Staff, Well-wishers & dear children. A Warm Welcome aboard to everyone arrived here for the Annual Day Celebrations.

Sri Chaitanya International Olympiad School is the Dream project of our Esteemed **Chairman Dr. B.S.Rao Garu**. Its unique curriculum is designed by our visionary Chairman Sir to produce upcoming IIT ians, Civilians and Doctors in CBSE Pattern. These unique schools are now opened across 6 states of A.P, TS, Karnataka, Tamilnadu, Maharashtra and West Bengal providing quality education, I take this opportunity to thank our patrons for their everlasting support, encouragement & vision.

Our Academics primary focus is on CBSE, with Integrated, C-Batches, Medicon & MPL Programs. The curriculum equips the child to face challenges of the future competitive exams & International Talent Tests.

PRE-PRIMARY:

MAVERICKS PROGRAM:

Our institution is a stepping stone of your child. We have a unique program called **Mavericks Program** which imparts personalized learning,

Freedom of thoughts & freedom of action leads to high degrees of cognitive, Social & Emotional development.

Our Children are given freedom to practice and solve the simulation models on their own supervised by the facilitators.

The students are imparted with encyclopedic knowledge which covers 600 topics and learn 6000 facts by the end of the program.

PRIMARY:

The primary learning is completely a **digital form of learning** with a novel setup within the classroom to add multimedia to our regular teaching methods for the **Grades 1 to 3**.

We have the **curriculum card** which is **smart chip** based learning for **Grades 4 & 5** with preloaded interactive modules that students can access on their own pace at school and home.

- **YOUNG LEARNERS PROGRAM** is an exclusive educational and developmental program of primary education that paves unlimited opportunities for the harmonious development in primary level.
- My teachers of primary are par excellence in imparting learning skills to young minds with a practical learning approach based on various activities & problem solving.

1. **Our Math Innovative Club** Program brings out inherent talent of students in the field of Mathematics. Many interesting activities give

students an opportunity to experience hands on Math Activity leading in increasing Math Skills.

The Mathlathon develops logical thinking of the child. The teachers encourage students to complete various levels. The feedback from the parents helps to improve the programme and develop logical and analytical skills through online test.

2. Our ELITE CLUB consists of Ecology, Theatre and Literature clubs

- **In Ecology Club** make child to come close and understand nature and teach the dangers of not responding to its warning calls. The Ecology club is designed to help students understand our environment better and develop the sense of responsibility.
- **As Ruskin Bond said "Fine Art is that in which the hand, the head and the heart of man go together"**. The theatre club celebrates child's expressions, creates confidence, improves skills, a platform that brings out the best of talent they have.
- **Literature** is the screen of life. Children's world is filled with imagination and fantasies. Literature club provide a platform to convert their imaginations into expressions. Poems, Elocution and short stories are encouraged to present the vividness of talents.

The SECONDARY Education is a higher level of learning and is the strong foundation to face the nationalized level competitive exams. Here in Sri Chaitanya, we prepare the students to achieve their aspirations and goals through **C-Batch** which is the Foundation for IIT, NIT programs through

periodic objective Tests and time management & **Medicon** for Medicine program helping them clear NEET entrance exams in flying colors.

STUDENT ENRICHMENT PROGRAMS:

To ensure that our students are equipped to face any challenges, we have focused on various student enrichment programs for their holistic development and realization of their life ambitions and goals.

ENGLISH ENRICHMENT PROGRAM:

- This program is designed to develop the communicative skills to face the English speaking challenges in future and stand head and shoulders above the rest.
- It helps in improving their Self Confidence in public speaking and facing large gatherings.

1. ENGLISH CLUB:

- This activity is designed to improve English language skills and to develop them to face the Global Competitive Environment.
- As it is said that "It is not enough what you know but what you speak makes the difference", the English club includes conducting of Seminars, debates on current topics, Group Discussion and Interview Skills.
- Children participate enthusiastically in all intra and inter school competitions and successfully bagged many prizes.
- I am glad to announce that we have 3 selections in VJR diabetic Essay Writing Competition.

2. Vedic Mats & Reasoning:

- The latest initiative of ours, designed to improve the mathematical capabilities of the students and to develop their arithmetic and analytical skills.
- It explores fun way of enhancing their mathematical skills Most of the children are now out of fear of solving mathematical problems.
- It has improved their fast calculation skills. The mastering of Vedic Math has allowed children to enjoy learning maths in a more fun way.

3. We are in digital age learning. We are happy to lead the system of learning by our own APP RANK GURU digital platform designed and developed by our experienced staffs that have firsthand experience of child learning process and we are happy to say that the app is the most downloaded app of this category and most used one.
4. The advantages of learning foreign languages are increasing as the world becomes globalized and bilingualism is now perhaps the most useful real world skill to ever exist, rather than just being a single language expert. We at Sri Chaitanya, understand this and are implementing French Language as part of curriculum from this year to our students.

5. OLYMPIAD RECORDS:

1. KAT (Knowledge Assessment Test): 1st Level-64; 2nd Level-49 selections (2019-20)

2. INTSO (International Talent search examination): 1st Level-96 selections. 2nd level – results are awaited.
 3. P.Navitha of Class-4 secured laptop in ETSSO.
 4. SOF - Science Olympiad Foundation: 68% Selections
 5. We also participated in prestigious exams like RMO (Regional Maths Olympiad), IAPT (Indian Association of Physical Teachers),
 6. A.S.Rao: 1 selection (2019-20)
 7. NTSE: (National Talent Search Test) conducted by central government and provides scholarship. I am happy to announce that we have 2 Selections in 2019-20 which are State 1st Rank Ankit & 7th Rank Ravi Kiran.
6. Holistic development is what a child should have. The games and sports are given a highest priority in our Sri Chaitanya. We facilitate our children to excel in national and international games and also make the child to learn and play the lost regional games which are passed as from tradition to tradition.
7. **WORLD RECORD FEST-2019:** Sri Chaitanya Schools achieved a Unique World Record by participation of 1.25 lakh students across Sri Chaitanya schools simultaneously in Yoga and aerobics jointly conducted by Elite World Records / India Records Academy / Asian Records Academy. It is a unique and first of its kind Record that we have attempted and achieved on Dec 4th for classes 1 to 5 and all are going to get certificates.

8. We conducted our Annual sports day as Sports are important for children overall development and understand the spirit of sportsmanship. Various sports events were conducted in various categories for Junior and Senior Boys & Girls.

- I am happy to announce that we have participated in District Level Taekwondo Competitions in Sub Junior Level & the Girls team won the Gold Medal & Boys team won the silver medal.
- Jayendra naidu of 10th has won many competitions in Archery.
- Saranya Aswini got consolation prize and cash award of 10,000 Rs in NTPC state level Art competition.
- Pranavi Srinidhi got 3rd Prize in GAZMA ABACUS Competition held in Dubai.
- Chandrika of Class IXth was selected to State Lawn Tennis competition.
- M.Sai Sushanth of Class Vth got Gold Medal in National Level Karate Competitions.

9. STEM (Science, technology, Engineering & Mathematics) based Education helps students to learn, understand and enhance their knowledge and desire towards new things. As a part of it we the Sri Chaitanya are making our kids to participate in NASA space settlement contest every year.

10. NASA - AMES space settlement contest was started in 1994 and Every Year the National Aeronautical Space Agency conducts International Space Development Conference in United States

inviting and encouraging students across the world to showcase various Space Settlement models and concepts.

In 2018-19, 6 projects were selected out of 7 projects and 8 students of our International Olympiad campus participated in ISDC conference, USA. (Intl. Space Development Conference).

In this academic year of 2019-20, 11 projects were submitted by 57 students & we are awaiting for the results.

11. Festivities and Functions:

We celebrated the festivals of Vinayaka Chavati, Dasara, Sanranti, Christmas & New Year celebrations this year with much pomp and fervour.

FOOD FEST: We organized food festivals for children to make them understand the value of health, highlighting the ways to keep one fit and strong. They improve social skills, culinary skills and business skills in investing and saving money. These fests have become a huge success among student's parents and school staff where they had a gala time.

STAFF:

- Sri Chaitanya International Olympiad school comprises of 60 well trained, proficient and dedicated teaching staff.
- With their incessant zeal and passion towards their profession, they have enhanced every child in providing their mettle and caliber in competitive exams and Olympiads conducted both internally and externally.

- I duly appreciate the tremendous energy and co-operation on the part of everyone associated with our institution who have strived their best in molding our students to work hard in making their dreams and aspirations come true.
- Apart from the core subjects, we have an enthusiastic team of teachers teaching Physical Education, Taekwondo, Yoga, Music, Dance & Drawing.
- We give utmost importance to Daily Assembly which inculcated discipline, Physical training & organizing skills among children.

STAFF ENRICHMENT PROGRAMS:

Staying update and upgraded is the key to success in the field of Education. The team of Resource Persons at Sri Chaitanya constantly updates the subject knowledge by conducting workshops, Training programs for enhancing their subject knowledge and teaching skills.

Our International Olympiad branch parents are the backbone to strengthening the system. What we are today is all which the support and guidance which the parents have shown towards us

CONCLUSION: Before concluding the report, I take this opportunity to express my deepest gratitude to Students, Parents, Staff, Management Team and well-wishers for their whole hearted cooperation in making this year a sparkling success.
