ref. ST/AM/108/23

dated 15-09-2023

TO WHOM IT MAY CONCERN

It is certified that the **British school building** situated at sector 44 Chandigarh is inspected by me. The same has been constructed as a frame structural Building. On visual inspection of the building it has been observed that the Building is structurally sound and stable and more over there is no deflection, crack and any type of deformation in the structure. The building has been constructed as per architectural drawings as per old codal provisions. The said building is fit for the habitable use and to run a school.
